

Cyber Attacks on the Commercial Real Estate Industry are on the rise.

Are you protected at both the Corporate and Building level?

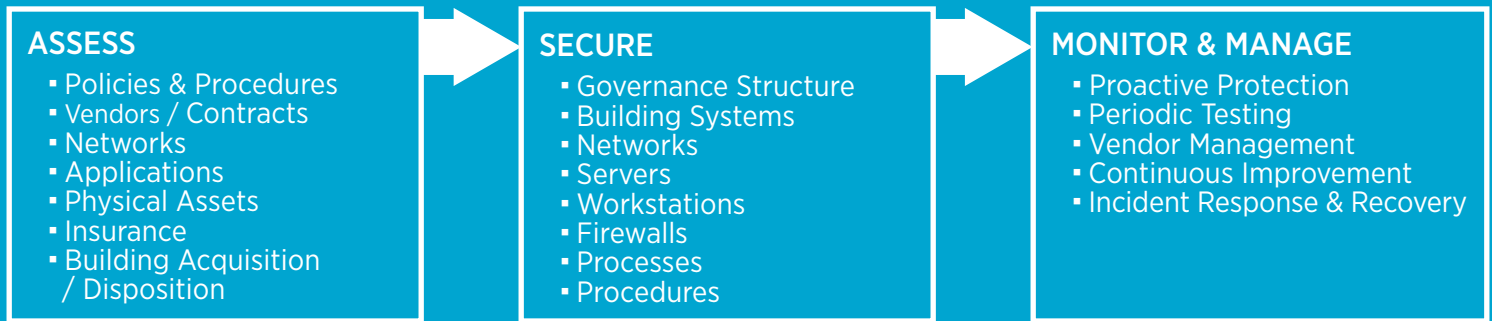

What would happen if your building controls or corporate systems were attacked?

THE 5Q APPROACH

WE ASSESS YOUR EXPOSURE AND IMPLEMENT A PLAN TO SECURE YOUR ENTIRE ENTERPRISE AT EVERY LEVEL, ADDRESSING YOUR RISK AND BUDGET.

5Q'S COMPREHENSIVE PROGRAM BUILDS AWARENESS AND ADDRESSES RISK FROM ALL ASPECTS:

- EMPLOYEES
- TENANTS
- VENDORS / PARTNERS
- BUSINESS APPLICATIONS
- TECHNOLOGY INFRASTRUCTURE
- BUILDING SYSTEMS
- REPUTATION

ABOUT 5Q

Based in Atlanta and Dallas, the company's team of operators and consultants have established their careers in industry-specific business processes and technology solutions. 5Q Partners understands the intricacies and inner workings of real estate and alternative investment's legacy technology systems. We provide a full spectrum of IT leadership, operations and solutions consulting to owners, sponsors, managers, developers and brokers in the commercial real estate industry.
