5Q

The Commercial Real Estate Technology & Cyber Security Experts

What 5Q Delivers

5Q provides the full spectrum of technology solutions. Our service teams – **5Q LeadRE, 5Q Connect, 5Q Cyber** and **5Q TechIQ** – offer CIO level leadership, cyber security strategy, help desk support, onsite IT operations, and more. Through our decades of IT and cyber security experience, we supply enterprise-level support that maximizes network security, connectivity and efficiency. We work 25/7 to deliver **complete, worry-free IT**.

Service Teams

5Q is structured to deliver best in class technology solutions based on each client's needs. Through our four unique service teams, we can deliver and manage a range of IT functions.

5Q LeadRE

The team at 5Q LeadRE lends their industry knowledge to provide unmatched **technology leadership** and **business consulting services**. Through our in-depth expertise and experience, we understand each client's vision and deliver solutions in business terms – not technical speak – that align with their overall business and IT goals.

5Q CONNECT

Our dedicated team at 5Q Connect can fully manage any technology project, from network redesign and implementation to data center migration and office moves. In 2020, **435 assessments and 165 remediations have been completed**, in spite of COVID constraints and adjusting to client health and safety policies and procedures.

5Q CYBER

The **cyber security experts** at 5Q Cyber ensure every organization in our portfolio is safe from cyber threats, protecting their most important data and assets. We assess exposure and risk, then implement a robust plan to secure the entire enterprise that fits within any budget.

5Q TechIQ

Our managed services arm, 5Q TechIQ, keeps CRE organizations up and running on all basic technology needs. From **help desk** and **application support to network** and **server monitoring and management**, we can manage as much or as little of a company's IT operations as needed.

About 5Q

5Q is the authority for technology management in all sectors of commercial real estate. 5Q provides the full spectrum of IT solutions through four service teams – **5Q LeadRE, 5Q Connect, 5Q Cyber and 5Q TechIQ**. Headquartered in Atlanta, with offices in Dallas, Washington, D.C., and Minneapolis, 5Q helps clients maximize technology efficiency, security and compliance.
