

Smart access

A solution for the modern workplace that provides secure and convenient property access to employees, visitors, and delivery services.

OFFICE:

- Manage and open doors with your smartphone via our mobile app
- Enable visitor and courier property access from anywhere
- Provide frictionless property access by connecting to your access control system

COWORKING:

- Simplify tenant management from an online dashboard or connect your PMS to automate the process
- Issue temporary property access via Guest Passes or pin codes — both of which can be revoked at any time

INDUSTRIAL/WAREHOUSE:

- Enhance security with time- and date-stamped photos taken every-time property access is granted
- Grant remote access from anywhere you have internet, even in another part of the world

GUEST PASSES

Guest Passes are QR codes that guests or visitors can scan at the touchscreen for managed property access. They are perfect for delivery people, interviewees, and service providers such as cleaners.

ELEVATOR CONTROLS

Key-fobbed elevators can be unlocked by both our touchscreen hardware and our mobile app — creating a seamless building entry experience for tenants and visitors.

NEVER MISS ANOTHER VISITOR

Even if a tenant is unavailable, unannounced visitors can leave detailed voice and text messages through the touchscreen, which tenants can review on their smartphone.

NO SMARTPHONE NEEDED

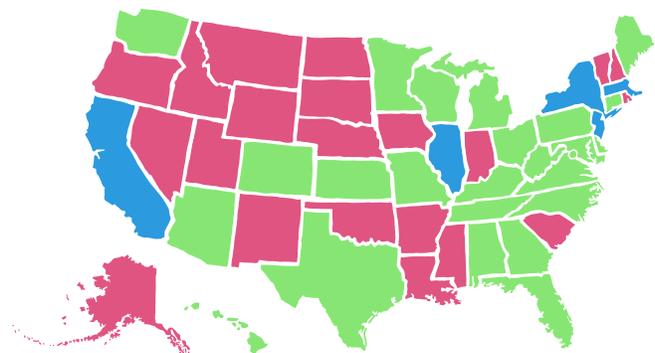

Tenants without smartphones receive a standard phone call when a visitor has arrived, and they can review door releases and issue Guest Passes/delivery PINs via their web account.

MORE ABOUT BUTTERFLYMX

ButterflyMX, creator of the smart intercom, has developed the most secure and convenient building entry platform that tethers cloud-based software to intuitive touchscreen hardware. Our mission is to connect the wide variety of software-enabled services to residents inside a building. To date, ButterflyMX has facilitated more than twenty million door release transactions and is installed in more than 3,600 properties around the world. ButterflyMX has been adopted in buildings developed, owned, and managed by the following companies: Trammell Crow Residential, Bozzuto, AvalonBay Communities, Douglaston Development, Roseland Residential Trust, Equity Residential, Silverstein Properties, Skanska, Rechler Equity Partners, Jamestown, Laramar, Lennar, PeakCampus, CA Student Living, American Campus Communities, Haven Campus Communities and Mill Creek Residential. The company is headquartered in New York City. For more information, visit butterflymx.com.
