

/~ Dashflow™

Does in minutes or even seconds transaction appraisals that normally take hours or even days.

- Dashflow for CRE is an AI-based mobile app that transforms investment appraisal in commercial real estate by being super-fast, ultra-intuitive, safe and convenient.
- Builds fully-functioning and independent Excel financial models in seconds.
- Now used by leaders in the UK (see dashflowCRE.com)...but adapted for use in all countries.
- Let your firm benefit from responsiveness, standardization, risk-reduction and creativity.
- A simple interface - CRE pros at all levels can use without special training.
- Say good-bye to drugery and errors.

A business tool - not just an underwriting tool.
