

# We Transform Building Data Into Asset Value™

## About Enertiv

Enertiv is a data-first building operations platform tailored for commercial real estate.

## Why Enertiv

-  Enertiv creates up to \$17 of asset value per square foot by eliminating waste in maintenance and repairs, utility costs, and CapEx reserves
-  Enertiv has captured over 7 billion hours of sensor data and hundreds of thousands of O&M documents, unlocking AI-driven insights
-  Enertiv delivers the fastest time to value in the industry by leveraging a phased digital transformation of building operations
