

# The Complete Indoor Air Quality Solution

The Pinnacle™ air purifier combines plants enhanced with a liver enzyme, MERV filtration, indoor air quality sensors, and a modern and natural design in a self-sustained chamber, providing measurable indoor air quality improvements.

Discover how your spaces could benefit from our natural air purification systems.

The Pinnacle™

## The Pinnacle™

The Pinnacle™ is the air purifier that can make indoor spaces safer and healthier for both your employees and customers while also boosting your company's ESG score. It's designed to improve indoor air quality and create a more pleasant and productive environment.

## Key Clients

- TELUS
- Hudson Pacific Properties
- BentallGreenOak
- JLL
- Cushman & Wakefield
- Markham Stouffville Hospital
- Check Studios
- Destination Greater Victoria

## Increase ESG Score

Our validated environmental data sets are available for use in ESG reports and environmental impact assessments. By utilizing them, your company can earn up to an additional 6 points for its environmental and social governance efforts.

## Optimize Workplace Indoor Air Quality

The Pinnacle's biofilter and MERV filtration system work together to enhance indoor air quality and humidity, promoting better well-being and productivity. Additionally, its visually appealing and elegant design brings a touch of natural beauty to any space.
