

The smart way to hire globally.

WHAT WE DO

Enabled by technology and a business model that makes sense to both employers and employees, Relay empowers companies to access a global talent pool, expand to new markets without the traditional risk, and provide a better quality of life for all.

OUR MISSION

Our mission is to revolutionize global work by empowering companies to tap into a global talent pool and promote diversity and inclusivity. We're dedicated to breaking down barriers and creating a more equitable world of work by providing companies with the tools and resources to easily hire, manage, and pay talent regardless of location.

OUR VISION

We believe that by expanding access to global work opportunities, we can positively impact the lives of individuals, communities, and economies worldwide, creating a ripple effect of positive change.
