

# VTS is the modern platform for revenue teams.

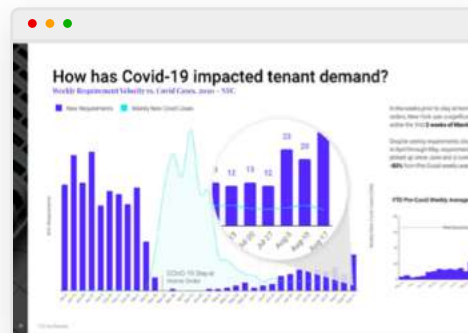

There's an easier way to lease space and make investments in commercial real estate.

The full VTS product suite combines the industry's chosen leasing platform with our modern marketing software and marketplace to bring your entire marketing and leasing process online. By digitizing your process you gain access to unprecedented real-time market data that enables you to reinvent your investment strategy.

## VTS MARKET

Online marketing and virtual tours for a digital world

## VTS DATA

The industry's first real-time market intelligence product reinventing investments

## VTS LEASING PLATFORM

The industry's system of record for managing leases, deals and tenants
