

FOR ALL TYPES OF COMPANIES

Differentiate your business with the healthiest Indoor Air Quality (IAQ)

DIFFERENTIATE

Increased revenue from higher customer satisfaction

Our custom dashboards set your company apart by promoting your investment in customer wellness.

MANAGE

Comprehensive control of building operations with real-time reports and recommendations

We reliably measure what other sensors can't and accurately portray data over time so you can proactively reduce risk.

REMEDIATE

Effortless **peace-of-mind** with automated responses to issues

We enable healthy indoor environments by identifying problems and automatically implementing solutions.
