CIO & PROPERTY TECH FORUMS

The Realcomm CIO and Property Technology Forum Series was originally created to provide CIOs and Heads of Technology in the commercial real estate community an opportunity to meet in their respective regions for networking and building professional relationships. By connecting the local IT leaders in these informal, networking/discussion groups, we have been able to facilitate conversations on key issues impacting our industry and leverage the collective experience of this powerful peer group to bring greater strategic value to their respective organizations.

In response to the pandemic, we've created a hybrid version of this event, combining the best of a regional physical in-person experience while expanding our reach with a virtual component to include CIOs and Heads of Technology outside major metropolitan cities in not only North America but also internationally, who might not otherwise be able to participate.

2025 North America

New York (Spring) - April 9

Chicago - August 20

New York (Fall) - October 30

Toronto - November 20

2025 International Forums

Realcomm **MARKETPLACE**

As the Commercial & Corporate Real Estate Technology sector continues to grow and mature, it is becoming more and more difficult for the industry to keep track of the changing landscape. In order to bridge the gap between the needs of the clients and the solutions offered by our industry vendors, Realcomm has created the "Realcomm Marketplace." The goal is simple...to connect the client needs with the industry solutions. A Marketplace listing includes a profile of your company (list of most influential clients, geographic region, contact info, etc), hyperlink to your website, attachments of videos, pdfs, marketing material as well as social media and other links. The Marketplace list is printed in the Realcomm | IBcon Conference Program Guide and the CoRE Tech Program Guide.

NEW - MARKETPLACE TECHNOLOGY SOLUTIONS "BUYERS GUIDE"

Digital Publication of Technology Solution providers who have products, services and solutions that they sell to the commercial and corporate real estate industry across various categories and sub-categories. The Marketplace "Buyer's Guide" will be sent to Realcomm's entire real estate end user database in the Summer.
