408-649-2637  
<https://combausa.com>

Comba Telecom, Inc., based in Milpitas, California, is the leading supplier of RF communications solutions and equipment to the wireless industry.

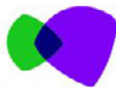

# SMART BUILDINGS AND OPERATIONS

**Communication Technology Services (CTS)**  
5G | CBRS | DAS | In Building Wireless

**Susanne Hale | Director, Marketing**  
shale@cts1.com  
7039270863  
<http://www.cts1.com/>

CTS provides in-building and campus connectivity solutions for enterprises and mobile network operators, solving and managing the most complex networking challenges.

## CONNECTED SENSORS

**Connected Sensors**  
IoT (including sensors, meters etc.)

**Simon Brunet, Founder & President**  
simon.brunet@connectedsensors.ca  
4164538938  
<http://connectedsensors.com>

Developer of green technology and leader in the water monitoring and conservation space, Connected Sensors is an unrivalled trailblazer in sustainable technology.

**CopperTree Analytics**  
BAS

info@coppertreeanalytics.com  
604-575-5943  
<http://www.coppertreeanalytics.com/>

Our analytics solutions can help your business reduce its carbon footprint, save energy and money, and maintain a safe, comfortable built environment.

## CORNING

**Corning**  
Wired and Wireless Building Networks

**John Dulin | Market Development, Real Estate**  
DulinJ@corning.com  
202-748-6753  
<http://www.corning.com/worldwide/en.html>

Corning Optical Communications delivers connectivity to every edge of the network, with optical fiber, cable, hardware & equipment for communications networks.

**A Delta Group Company**

**Delta Controls, Inc**  
BAS

**Kelly Jenkins, Business Development Manager**  
kjenkins@deltaccontrols.com  
3039165612  
<https://www.deltaccontrols.com/>

Delta Controls is a global leader in Building Automation Systems (BAS), with over 300 distributors, and many thousand of installations in more than 80 countries.

**Delta Electronics**  
Energy (general)

ib.sales.us@deltawww.com  
<http://www.delta-americas.com/en-US/index>

Delta Electronics is a global leader in power management & energy efficiency solutions, driving innovation and sustainability for industries to optimize performance.

**Digitectura Technologies Private Limited**  
Energy (general)

**Bimal Desai, Co-Founder**  
bimal@grydsense.com  
9845033816  
<https://www.grydsense.com/>

The GrydSense suite of IoT products delivers value to both SMART buildings and SMART cities.

**Disruptive Technologies**  
Energy (general) | Facilities Management | IoT (including sensors, meters etc.)

**Erik Færevaaag, CEO**  
erik@disruptive-technologies.com  
+4790047361  
<https://www.disruptive-technologies.com/>

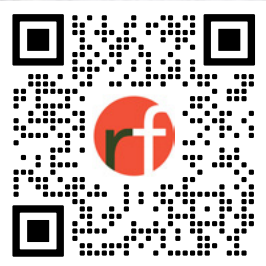

Disruptive Technologies manufactures tiny wireless sensors paired with a world-class IoT infrastructure that make it easy to collect data from assets.

Unparalleled application support  
for the real estate industry...

---

# Custom Tailored.

No matter your application ecosystem, we deliver a hand-picked, expert team to streamline operations and slash support ticket turnaround times.

Our Application Support Services team will confidently handle all your real estate application tasks and processes.

# SMART BUILDINGS AND OPERATIONS

## Distech Controls BAS

[www.distech-controls.com/about-us/contact-us](http://www.distech-controls.com/about-us/contact-us)  
<http://www.distech-controls.com>

Distech Controls provides unique building management technologies and services that optimize energy efficiency and comfort in buildings.

## Domatic IoT (including sensors, meters etc.) | Wired and Wireless Building Networks

**Jim Baldwin, CEO**  
[jim@domatic.io](mailto:jim@domatic.io)  
650-245-4652  
<https://www.domatic.io/>

Domatic is a new construction technology startup that is creating a revolutionary way to build smart buildings.

CANADA • USA

## EcoPilot Canada | USA Energy (general) | Environmental Sustainability | Facilities Management | HVAC

**Jennie King, General Manager**  
[jennie@ecopilotai.com](mailto:jennie@ecopilotai.com)  
9024029222  
<https://ecopilotai.com/>

EcoPilot Canada | USA specializes in AI for HVAC, optimizing energy consumption and improved occupant comfort.

## EnergyCAP Energy (general) | Environmental Sustainability Sustainability | Carbon Accounting | Renewables

<https://www.energycap.com/>

EnergyCAP offers software solutions that give energy, sustainability, and finance teams the data they need to manage resource consumption, reduce carbon footprint.

## EnOcean IoT (including sensors, meters etc.)

<https://www.enocean.com/en/>

EnOcean – self-powered Internet of Things. EnOcean GmbH is the developer of the patented energy harvesting wireless technology marketed under the Dolphin brand.

## FLASH Smart Parking

**Jeff Johnson, VP of Enterprise Sales**  
[Jeff.Johnson@flashparking.com](mailto:Jeff.Johnson@flashparking.com)  
773-490-5809  
<https://www.flashparking.com/>

FlashParking is powering the transformation of isolated parking assets into connected mobility hubs with FlashOS, the first Mobility Hub Operating System.

## Genea Access Control/Lobby Technologies

**Robert Vail, VP of Sales**  
[rvail@getgenea.com](mailto:rvail@getgenea.com)  
714-694-0536  
<https://www.getgenea.com/>

Industry leader in innovative cloud-based property technology providing solutions in Access Control, Submeter Billing & Overtime HVAC using non-proprietary hardware

# SMART BUILDINGS AND OPERATIONS

## Georgia-Pacific

**Georgia-Pacific**  
Environmental Sustainability | Facilities Management | IoT  
(including sensors, meters etc.) | Maintenance

**Rex Moon | Sr. Director Sales, Connected Solutions**

[rexford.moon@gapac.com](mailto:rexford.moon@gapac.com)

7573900611

<https://www.gppro.com>

Georgia-Pacific is an American pulp and paper company, and is one of the world's largest manufacturers and distributors of tissue, paper, toilet and paper towel.

E N E R G Y

**GI Energy**  
Sustainability | Carbon Accounting | Renewables

<https://gienergy.com.au/>

GI Energy specializes in residential and commercial solar panels & maintenance in Australia, with offices in Brisbane, Sydney, Perth and Adelaide.

**HALO Networks**  
5G | CBRS | DAS | In Building Wireless

[Tom.Gotuzzo@HALONetworks.com](mailto:Tom.Gotuzzo@HALONetworks.com)

425-442-1630

<http://www.halonetworks.com>

HALO Networks is the industry leader in 5G DAS deployment, wireless infrastructure and next generation in-building and outdoor mobile wireless networks.

**HID Global**  
Physical Security

<https://www.hidglobal.com/>

HID powers the trusted identities of the world's people, places and things.

## Honeywell

**Honeywell**  
BAS

<https://www.honeywell.com/us/en>

At Honeywell, we're transforming the way the world works, solving your business's toughest challenges. Learn how we can drive your sustainability.

**Make the Invisible Visible™**

**ICONICS**  
BAS

**Stewart Paterson, Business Development Manager**

[ba@iconics.com](mailto:ba@iconics.com)

508-216-1341

<http://www.iconics.com/buildingautomation>

ICONICS is a global provider of award-winning energy management, building automation and fault detection and diagnostics (FDD) software solutions.

**Intelligent Buildings**  
BAS

**Tom Shircliff, Principal**

[tom@intelligentbuildings.com](mailto:tom@intelligentbuildings.com)

704-759-2710

<http://www.intelligentbuildings.com>

IntelligentBuildings® offers portfolio-wide cybersecurity site assessments and services. Since 2004, we are the most trusted and experienced name in Smart Buildings.

# SMART BUILDINGS AND OPERATIONS

**Intelligent Riser**  
**Wired and Wireless Building Networks**

**Greg Jones, President**  
[gjones@montgomerytech.net](mailto:gjones@montgomerytech.net)  
844.824.0100  
<http://www.riser.com>

The manager for some of the nation's premier office building owners. We work with landlords nationally to ensure that building technology meets their current needs

**Ivy Energy**  
**Energy (general)**

<https://www.ivy-energy.com/>

Ivy Energy is at the forefront of the clean energy transformation for multi-tenant real estate.

**Joulea**  
**Sustainability | Carbon Accounting | Renewables**

<https://www.joulea.com/>

Joulea is a startup building a software platform that reduces energy consumption in commercial buildings.

**Kings III**  
**Fire, Life, Safety**

<https://www.kingsiii.com/>

At Kings III, we provide critical communication services to help people in distress. We answer the call when seconds count.

**Lessen LLC**  
**Facilities Management**

**Brian Velo, Senior Vice President of Sales - Commercial**  
[brian.velo@lessen.com](mailto:brian.velo@lessen.com)  
<https://www.lessen.com/>

Smart property services simplified. Lessen's award-winning platform and innovative solutions makes it easier for you to deliver exceptional customer experiences.

**LiveView Technologies**  
**Physical Security**

**Barbara Vega,**  
**Event Manager**  
[barbara.vega@lvt.com](mailto:barbara.vega@lvt.com)  
8013762520  
<https://www.lvt.com/>

LiveView Technologies is used by the largest companies in the world to provide rapidly deployable surveillance and security whenever and wherever needed.

**Loop Global**  
**Energy (general)**

<https://loopglobal.com/>

At Loop, our team is building innovative infrastructure for the future of transportation.

**Lumin**  
**Energy (general)**

<https://www.luminpdf.com/>

More movement, less follow ups: Lumin's full-loop document workflow software means you can collaborate, edit and get sign off from one place.

# SMART BUILDINGS AND OPERATIONS

<https://luum.io/>

At Luum.io we make light work for you (and the planet). Our wired & wireless technology work together or separately to save oems & buildings time, money, and energy. No vertical integration required.

**Mecho**  
**BAS**

**David Robinson, Director of Automation**

[david.robinson@mechoshade.com](mailto:david.robinson@mechoshade.com)

347.598.0138

<https://www.mechoshade.com/>

Mecho, founded in 1969, leads in innovative window coverings. We offer high-quality solar protection and sustainable, tailored shading solutions for diverse needs.

**Meter**  
**IoT (including sensors, meters etc.)**

<https://www.meter.com/>

Meter builds networking infrastructure. The best hardware, software, and operations for routing, switching, wireless, and applications.

**MHT Technologies**  
**Lighting**

**Akram Khalis, CEO**

[ak@mht-technologies.com](mailto:ak@mht-technologies.com)

(718) 524-4370

<https://mht-technologies.com/>

MHT Technologies is known for its flagship product, Inspextor offers businesses seamless integration, scalability, and enhanced energy efficiencies

**Milesight**  
**IoT (including sensors, meters etc.)**

**Milesight Sales**

[iot.sales@milesight.com](mailto:iot.sales@milesight.com)

86-592-5085280

<http://www.milesight.com/>

Milesight is a leading provider of innovative IoT and security products.

**Molex**  
**Wired and Wireless Building Networks**

<https://www.molex.com/en-us/home>

Molex is a global electronics leader committed to making the world a better, more-connected place.

**Monnit Corporation**  
**IoT (including sensors, meters etc.)**

**Nick Mecham | VP, Business Development**

[nickm@monnit.com](mailto:nickm@monnit.com)

8015615555

<https://www.monnit.com/>

Monnit bridges the gap between industry & technology through the IoT, by empowering businesses with low-cost, simple sensor solutions to monitor anything.

**MOTOROLA**  
**SOLUTIONS**

**Motorola**  
**Network**

**Mary Ashe, BPL Product Manager**

[mary.ashe@motorola.com](mailto:mary.ashe@motorola.com)

847.576.1613

<http://www.motorola.com>

Motorola is a Fortune 100 company with global presence, sales of \$42.9 billion in 2006 and a reputation for its innovation in wireless and broadband communications.

The future of real estate isn't AI.

It's  a<sub>2</sub>i

**mri**  
REAL ESTATE SOFTWARE

Real estate moves fast: You must navigate more data, regulations, and opportunities than ever – and make decisions quickly. But the market is evolving faster than traditional methods can handle. Disconnected data, manual processes, and outdated solutions shouldn't limit your growth.

**Fortunately, you have a better way with a2i – MRI Agora Artificial Intelligence.**

- Flexible technology drives automation, optimizes workflows, and enables faster, smarter decisions
- Open and connected platform unifies your data in a single source of truth
- Intuitive analytics and dashboards transform unstructured data into actionable insights
- Ethical development framework ensures accurate and accountable results

Whether you own, operate, or occupy commercial real estate, levelling up with a2i lets you focus on what really matters: **making your real estate vision a reality.**
